June - July 2017

a MACA summer

Mount Airy Christian Academy is committed to helping develop strong, healthy, Christ-centered children. A MACA Summer is a summer program developed with this commitment in mind. Each of the sessions and camps are geared to encourage healthy bodies and inquisitive minds while having fun. A MACA Summer offers half-day and full-day week-long camps.

Camp Descriptions

Soccer- Dribble, pass, shoot, score--that's what they'll use their feet for! Campers will be challenged to improve all their soccer skills. All skill levels welcomed for this engaging, fundamental camp.

Messy Art- Is a skill-building, project-based camp that exposes kids to drawing, painting, and assemblage. Each day, campers will use different materials and techniques to create artistic projects that will stimulate their imaginations. Campers will experience drawing, watercolor, painting, and coloring in a fun and sometimes messy way!

Lego World- What could be better than a world of Legos? Campers will enjoy creating a character and world of their own. Teams will choose an event and storyline for their playtime. There will be plenty of Legos and plenty of fun!

Galaxy Far, Far, Away- Campers will blast off into a galaxy far, far, away that is full of activities, adventures and discoveries. Campers will be taught Star Wars knowledge and how safely to engage in Lightsaber combat. Grab your Jedi cloak and may the force be with you!

Girl Power- This is a camp designed for the next generation of cheerleaders and tumblers. Campers will have fun learning new cheers, performing basic stunts, and working on tumbling. They will even learn a routine to perform. All skill levels welcomed.

Backyard Ballgames- Campers will enjoy a week of their favorite backyard ballgames. They will participate in traditional favorites such as wiffle ball and kickball, and they will be introduced to new backyard games that are sure to be their favorites by the end of the week.

STEM Legos- Do you enjoy a challenge? Campers will use their creativity and problem solving skills to meet certain requirements in building Lego creations. Individual and team activities will encourage exploration and collaboration. Get ready to have a great time with Legos!

MACA Performers- Summer fun on stage for everyone! Campers will use their imaginations and favorite stories and characters to create drama. The camp will teach basic knowledge of acting techniques to develop each child's imagination, creativity, and confidence. The camp culminates with a performance at the end of the week.

Camp Descriptions

Reading and Writing Adventures- Campers will plunge into the adventures on paper! Campers will read some short classics while also having a chance to write their own. Grab your book and your notepad because adventure is just around the corner!

Basketball- Learn basketball fundamentals and grow in essential skills during this fun yet challenging camp. Campers will go through basketball drills to help them improve in dribbling, passing, shooting. Experience what it is like to play basketball on the MACA Lions' court!

Adventures in Art History- Want to go on an adventure in art? Campers will learn about important pieces of art from different cultures throughout history and the techniques used to create them, all from a biblical perspective. Through collaboration, campers will draw, paint, sculpt and create a collage.

Chef Juniors- Explore the world of cooking at the beginner level. Campers will enjoy daily segments including kitchen safety, kitchen tools, and fun with taste testing. They will also get their hands dirty practicing cupcake and cookie decorating techniques.

Sound of Music- Come into a classroom where music comes to life! Every day, campers will have an opportunity to sing new songs, read about musicians, write their own songs, and make their own instruments!

Wide World of Wacky Sports- Sun, fun, race, and run! This camp will be full of wacky sports and games from all over the world. Campers will get to compete in fun, wacky activities every day. It will be a wacky blast!

STEM Art- Campers will experiment with objects and art materials in order to learn how science and math play a part in how we see and create art. This class will focus on optical illusions and abstraction. We will work with drawing, collage, and recycled materials. Grab your paintbrush and put on your thinking cap!

Hands on Science- Campers will satisfy their scientific curiosity through hands-on experiments, fun scientific tricks, and illuminating activities. Campers will make science with their hands and spend time creating and playing with playdoh, goo and so much more!
